HARVEST

It was lovely to see so many family and friends at the Harvest Celebration. We were very impressed with the children's singing. Next stop Nativity!

ASTONISHING APPLES

We have been celebrating all things apple this week. Delicious smells were coming from Class 1 as the children carefully followed instructions to make apple crumble, including peeling and chopping the apples.

The children were very excited about sharing it with you!

They had super science fun when they made apple sailing boats and explored floating and wind-power.

PHONICS & READING

Reading for pleasure is at the core of our school's curriculum and on Wednesday afternoon we were treated to Years 5 & 6 reading the children stories. It was a great hit and will become a regular thing.

One of the greatest joys of our job is witnessing a child read their first word, knowing that a whole new world of print is about to open up to them. This week we started the children's reading journey with their first phonics teaching. We will be arranging a parent meeting in the next couple of weeks to share our passion for phonics with you.

As with all learning the support you give at home makes a huge difference, so we will be sharing some top tips for how you can help your child. In the meantime if you have any questions, please do not hesitate to ask.

Hope you have a good weekend! The Early Years Team
