CHICKEN POX

We have had a very quiet week with so many children off with chickenpox. We hope that you're all feeling better soon. We miss you!

FARMER DUCK

This week our farm themed book has been Farmer Duck. For those not familiar with the story, it features a very lazy farmer who stays in bed all day eating chocolates whilst his poor duck does all the work on the farm. The children were not impressed by the farmer's behaviour so they wrote letters of complaint to him!

As well as being wonderful writers, we have been marvellous mathematicians, catching rubber ducks and adding up the numbers on their bottoms. Lots of great counting on using a number line.

We have also been amazing artists exploring lots of different art media to create fabulous ducks out of clay, paper collage and oil pastels.

As if all that wasn't enough we have also been excellent engineers, building lego ducks and then constructing boats for them when we discovered that they couldn't swim.

MAY DAY DANCING

The children's first maypole dance was a rip roaring success. No flying shoes or tangled ribbons to be seen! We were very proud of their skip-tastic performance!

Have a super bank holiday weekend.
