

21st July 2017

## Art Week

Thank you Mrs Dawson for organising a wonderfully creative and fun learning experience for the children. It kicked off on Monday with a visit to the Dales Exhibition in the Town Hall. The children were visibly

impressed with the beauty, quality and wide variety of art that they saw. During the week the children have created art in a variety of different media: pastel miniatures, pencil life drawings and peg messages of happiness (see [therearenolines.org](http://therearenolines.org) for more peg info). A big thank you to Pat Greensit (Bella & India's granny) for doing a super portrait session with the children. Some of their amazing art work will be on exhibition in the Town Hall over the weekend, so please do go and check it out.

## Violin assembly

As if all the art wasn't creative enough, we celebrated the children who have school violin lessons with a special assembly. Scarlet and Bella, we are very proud of you for having the courage to perform in front of the whole school! You were A.M.A.Z.I.N.G!

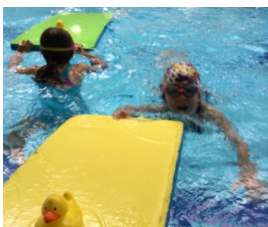

## Swimming

The last swimming lesson was a fun session - and you can see by the huge smiles that the children had heaps of fun! We are so proud of every single

member of Class 1 for their positive attitudes and behaviour during swimming lessons. The growth in confidence and ability that we have seen has been tremendous. If your child doesn't already do after-school swimming lessons,

we would strongly urge you to sign them up. Not only is being able to swim an important life-skill, there is a huge benefit on their all round self-confidence.

Have a great weekend.  
The Early Years Team
