Week beginning: 08.06.20

English

Continue to read a range of books for enjoyment.

Continue with the, 'read your way around the world,' reading challenge which has been sent out via Parent Pay.

Complete the English daily sessions for Year 5 on The Oak National Academy.

<https://www.thenational.academy/online-classroom/schedule/#schedule>

These resources may help you:

<https://home.oxfordowl.co.uk/books/free-ebooks/>

English Super Challenge –

Continue learning and testing yourself on the Year 5 and 6 spelling list words – have a go at some of the online games on this website:

https://www.spellzone.com/word_lists/games-10609.htm

Mathematics

Complete the Maths daily sessions for Year 5 on The Oak National Academy. If you would like to also access the White Rose resources which complement the BBC Bitesize resources, please email class4@masham.n-yorks.sch.uk and we will send these to you.

<https://www.thenational.academy/online-classroom/schedule/#schedule>

Maths Super Challenge – Log into Times Table Rock Stars and see how much you can improve your score in the garage area.

Science

Complete lesson 1 for Year 5 on The Oak National Academy.

<https://www.thenational.academy/year-5/foundation/how-is-igneous-rock-formed-year-5-wk1-3>

Science Super Challenge – Research different volcanoes around the world and the igneous rock they produce. Draw a labelled diagram of a volcano showing the different stages of the process involved in creating igneous rocks.

RE

How is charity important to Muslims? How is charity important to you?

Research the Muslim act of Zakah – think about why it is important to many Muslims. Think about these key questions:

'Why do you think Muslims choose to give away so much of their money?'

'How do you think it makes them feel?'

'Do you think their lives are made more challenging because they have to do it?'

Find out about the charity Islamic Relief (www.islamic-relief.org) and make notes on their charitable philosophy. When you've done that, discuss what you've found out with someone in your family and talk about how it relates to your beliefs about charity – do you have any different views?

Project Learning

The project this week aims to provide opportunities for your child to learn more about sports and games. Learning may focus on the history of sport, sporting-heroes, physical challenges and performance.

- Sport Genius- Ask your child to research about [sporting history](#) and see how many different [facts](#) they can find out about sports from the past. Ask them to create their own sporting trivia quiz which they can test out on members of the household. Or place different sporting events from the last 100 years onto a timeline.
- Sporting Heroes- Get your child to select their favourite sporting star. Then they can draw a portrait of them in the style of the famous pop artist [Roy Lichtenstein](#) using felt tip pens or paint.
- Name that Sport - Get your child to create an [orienteering map](#) of your home/garden. At each location they will need to create a question relating to a sport e.g. Which sport has the most rules? The answers can then be recorded on an orienteering sheet. How about giving them a challenge? Can they create an answer that begins with the letter of the next location? Get your child to test it out on a family member.
- Beat It!- Begin by getting your child to measure their resting heart rate by counting how many beats in a minute. Then get them to carry out an exercise e.g. running, skipping, star jumps etc. for 3 minutes. Once they have completed this they are to carry out a recovery activity e.g. walking or sitting and see how long it takes for their heart rate to go back to normal. Ask them to repeat this with different recovery exercises to see which is the most effective at getting their [heart rate](#) back to normal the quickest. Can they create a way of showing their results?

Home Learning Activities

Year Group: 5

Week beginning: 08.06.20

- Anyone Can Be a Champion!- This activity is all about exploring the diversity of sport. Ask your child to research the history of the [Paralympics](#). Discuss why we have the Paralympics. Get your child to create a poster which presents the importance of the Paralympics and the range of different sports there are.
